CONSENT DETERMINATION OF THE AUTHORITY

Employment relationship problem

[1] I have been given a signed and witnessed written settlement from the parties. They have requested a consent order be made on the terms settling the employment relationship problem. They have also requested that the terms be prohibited from publication.

[2] I am satisfied that the parties' terms of settlement resolve the employment relationship problem. By consent the agreed terms become an order of the Authority, and I order accordingly.

[3] By consent I order that the terms of settlement be prohibited from publication to preserve the parties' agreed confidentiality.

[4] This settlement and consent order means that the dates for the investigation meeting scheduled for 28 and 29 March 2006 are now vacated and the Authority will discontinue the investigation.
