CONSENT DETERMINATION OF THE AUTHORITY

Employment Relationship Problem

1. During the course of an interim investigation meeting the parties reached an agreement on undertakings to apply. They requested the Authority to make a consent order on terms and prohibit the publication of the terms of the interim arrangements.
2. I am satisfied that interim arrangements have been agreed by the parties. By consent the terms become the orders of the Authority.
3. Also I am satisfied that the terms should be prohibited from publication and by consent I order that the terms be prohibited from publication.

4. Costs are reserved.
